In the year-end awards preliminary standings, including applicable divisions within All-Breeds, horses (awards for the horse) and horse/rider combinations (awards for the rider) may only be eligible to be ranked in the final standings at a maximum of two consecutive levels, as defined by USEF DR 119.2, within the same competition year. If a horse or horse/rider combination meets the criteria to be ranked in the final standings in more than two levels in the same competition year, the horse and horse/rider combination will only be ranked at the highest level, and if qualified, the next level consecutive to that highest level.

A horse and/or horse/rider combination may appear in the preliminary standings in more than two consecutive levels prior to the standings being finalized. Appearing in the preliminary standings does not guarantee that a horse and/or horse/rider combination will appear in the final year-end award and/or all-breeds standings.

Per USEF DR 119.2, Intermediate I and II are **not consecutive levels.*
